DISCLAIMER:Warranty items listed are an attempt to provide a quick reference guide for determining warranty coverage. This list is not inclusive of all  
1. Copies of all repair invoices should be included in the trip packet for that particular trip. Securing copies of invoices through other means requires additional efforts, and  
2. Submission of warranty claims are time sensitive. The older a repair gets the more difficult it is to successfully collect a reimbursement in some cases. Freightliner may

**NON-WARRANTY SITUATIONS:**

**Consumable Parts:** Parts that are subject to consumption or abuse during their normal service life and are routinely replaced during normal maintenance services are not covered under warranty. Some items included, but not limited to, are:

- \*Antennas
- Belts
- \*Cigarette lighter element
- Clutch Brake
- Filters; fuel, air, oil, water, desiccant cartridges
- \*Fire Extinguishers
- Fluorescent ballast and tubes
- Fuses
- Light bulbs
- Mud Flaps
- Radiator Cap
- \*Trailer Electrical cables
- Wiper Blades

**Cab Interior Components:** Repair or replacement of cab interior components that are rendered unserviceable due to normal wear or abuse are not covered under warranty.  
Items included, but not limited to, are;

- \*All upholstery
- \*Shades
- \*Steering Wheel

DISCLAIMER:Warranty items listed are an attempt to provide a quick reference guide for determining warranty coverage. This list is not inclusive of all items nor is it to replace actual warranty documents which should be consulted to determine specific coverage when in doubt.
